St. Bernard's cemetery board has received a request to install a monument on the east side in the existing cemetery dedicated to the babies buried there. Some stones are there but history tells us there were many unmarked graves from the beginning of St. Bernard parish due to influenza, epidemics, and other family tragedies.

Columbus Monument Co. designed a beautiful fitting monument and has offered to place it in the cemetery at a reduced price of \$2,695.

Father Novotny has approved the design but expressed his desire for this to be a community project.

Over \$1,400 has been contributed by one extended family, additional funds collected will be used for the remainder and possible a bigger design. If you wish to contribute, please send checks to Virgil Preister, cemetery board chairman, or Lee Pfeifer, treasurer, by September 1.
