Friends,

One passage that becomes more and more significant to me over time is Jesus' teaching that the road to heaven is narrow. In fact, our journey to heaven reminds me of a tightrope walker suspended hundreds of feet in the air with nothing but an inch-wide rope to support him. If he strays but a little, it will lead to a catastrophic fall. Of course, there is a difference in our journey to heaven and a tightrope walker. The tightrope walker has help; specifically, a long pole to aid his balance. We, on the other hand, have the devil that, as soon as we begin teetering even slightly in any wrong direction, quickly pounces to push us to our doom.

Perhaps nowhere is this reality clearer than with the virtue of patience. I might even wager that if there is one virtue most of us would readily admit we lack, it is the virtue of patience. In fact, one of my favorite prayers is to beg the Lord for patience and for Him to answer immediately.

How slow the Lord seems to be! I wonder, though, is the Lord slow or is He patient? For example, several years ago I was fishing by myself in Canada. The area I fish is quite remote so usually I would have to cruise around looking for an island with a suitable place to park the boat. One day, I happened to discover a sand beach with a rock shaped like an easy chair. It even had a flat spot on the "arm" where I could set my Dr. Pepper. What luck!

Of course, Catholics know there is no such thing as luck. Luck didn't guide my route to find that beach. Luck didn't form that rock and place it there for me to use. It was not luck, but providence. In fact, God designed the whole world so that on that day at that time that rock would be at that spot so that I could make use of it.

Think for a moment of the patience God shows in doing such things. It took, literally, thousands of years to form that rock and tailor it to such perfect specifications for my needs. After all, that rock, like so much of this world, was most likely formed by the last ice age. Perhaps we can all identify with how slow a glacier moves. Certainly, an extreme example of patience on God's part to form it so perfectly!

Notice what the fruit of God's patience is. Through it, He shows His love most uniquely. You see, God's love is not some esoteric feeling. It has tangible, real dimensions that manifest themselves every day. My experience is hardly unique. It happens to all of us, perhaps even thousands of times a day. Everything we come into contact with was placed there for us by God to be noticed as a sign of His love for us. Much like the loving parent playing peek-a-boo with their infant, God, our loving Father, does the same thing every day of our life.

Unfortunately, we so often miss it! Why? One of the reasons is that we are too busy rushing around from one duty to another. We all live very busy lives; lives that are full of stress and anxiety. This busyness, however, results in one of the most unnoticed consequences of having a lack of patience--missing God and His love for us!

This consequence is so devastating precisely because it exacerbates everything. When we don't see God in our world, we make the world a living hell. In fact, that is the very definition of hell -- the absence of God! Of course, the converse is also true. Since the definition of heaven is seeing God face to face, the more we see Him here on earth, the happier we become.

Perhaps this gives us a new insight into developing our patience. How? Well, first and most importantly, be patient! (How's that for piercing insight!) It takes time to develop patience, sometimes longer than we would like or think it should.

Second, begin with the Mass. Mass is the perfect time to practice patience. In Mass, we are allowed to step off the hamster wheel of our busy lives and enjoy the most potent presence of God in our world. If we can grow in our patience at Mass, the fruits will, literally, be out of this world. For the better we can see God in the ultimate peek-a-boo moment of the Eucharist, the better we will see as He works in every other aspect of our lives as well. Believe me, this is worth the wait. Through it, we can experience heaven on earth! All it takes is a little bit of patience.

In Christ,

F. EIA

Spirit Catholic Radio is bringing to St. Mary's Church in Norfolk an up-close experience of the most studied artifact of all time – The Shroud of Turin, what many believe to be the authentic burial cloth of Christ.

On Sunday, August 1, at 5:00 PM, Shroud expert, **Jim Bertrand**, M.Ed. of the American Confraternity of the Holy Shroud, will give a special presentation and a rare viewing of a Shroud replica, as well as replicas of the Crown of Thorns, whips, nails and Holy Sponge used in the Passion of Our Lord.

Spirit Catholic Radio's newest traveling exhibit, *The Man of the Shroud*, will include 42 beautifully-designed panels on display in the Parish Hall from August 1 - 5. Viewing times are as follows:

- Sunday, August 1, 6:45-8:30 PM,
- Monday, August 2, 5-8 PM,
- Tuesday, August 3, 8-10 AM,
- Wednesday, August 4, 5-8 PM,
- Thursday, August 5, 8-10 PM.

This exhibit will raise the questions, *"Could the Shroud be the most important archaeological artifact ever found? Does it provide clues to what happened during the crucifixion and resurrection of Jesus?"* For more information on this exhibit, visit spiritcatholicradio.com/shroud.

*Jesus said, "Have the people recline."
Now there was a great deal of grass in that place. So the men reclined, about five thousand in number. When they had had their fill, he said to his disciples, "Gather the fragments left over, so that nothing will be wasted."*
