Planning for the Future of St. Francis School

St. Francis of Assisi Parish is beginning a feasibility study to guide planning for a new elementary school building. A consulting group from Omaha, Strawhecker Non-Profit Services, will assist, and the parish will host a number of conversations with parishioners and community members, along with a parish-wide survey in early November, to gather input from the entire community.

Your feedback will help us discern the best path forward. We are committed to thoughtfully planning for the future of our parish and school and will share updates as they become available. Thank you for your prayers and support!
