UNITED IN FAITH
BUILDING FOR GENERATIONS

REBUILDING OUR SCHOOL IN THE SPIRIT OF ST. FRANCIS

Updates, answers, and vision for our new parish grade school.

Inspired by Faith, Designed for Our Campus

As plans for the new elementary school take shape, the goal has been clear: create a building that feels like it has always belonged at St. Francis while supporting the needs of future generations of students.

Our architect (Ken Kirkpatrick) shares some of the thinking behind the design:

As the orientation of the school entrance shifts to the east, the design aims to make the new building feel like a natural part of the St. Francis Catholic campus. A key priority is ensuring the school complements—rather than competes with—the architectural style already present. The church will remain the focal point of the campus and will continue to guide the character of future improvements.

Fr. Taylor helped establish the overall direction for the building's design, and the planning committee challenged the architects to create a facility that reflects and respects the identity and traditions of St. Francis.

Several key design elements help achieve this vision:

- **Red brick with subtle detailing and stone accents** will complement the materials used in both the church and the current elementary building.
- **An arched, open-air covered entrance (loggia)** draws inspiration from the Basilica of Saint Francis of Assisi in Assisi, Italy. The arch form also echoes the design on the south side of the parish office building, helping create architectural continuity across the campus.
- **The activity center exterior walls**, finished in a limestone color, reference the limestone base of both the church and the current elementary building.
- **Tall windows** reflect the proportions of the existing elementary windows while allowing abundant natural light into the learning spaces.

In the coming weeks, we will continue sharing updates and insights into how this project is being thoughtfully planned to serve our students, parish, and community for generations to come.

TEENS ENCOUNTER CHRIST

TEC is a fun, faith-filled weekend where we are drawn into the heart of the Catholic faith: Christ's Paschal Mystery lived out in the Church. The weekend helps young people relate this mystery to their daily lives and challenges them to form a deeper relationship with Christ.

The retreat team members, small group discussion, personal prayer, opportunities to receive the Sacraments, and provides a space to form Christ-centered friendships. We would love for you to join our TEC community!
