## REBUILDING OUR SCHOOL IN THE SPIRIT OF ST. FRANCIS

Updates, answers, and vision for our new parish grade school.

### The Vision Has Not Changed. The Opportunity Has.

Last week, we shared the exciting news that, through the extraordinary generosity of parishioners, alumni and friends of Catholic education, more than \$20 million has been committed to the St. Francis Elementary Building Project.

Because of this support, we now have sufficient commitments to move forward with the most immediate need: a new school for our students and families.

At the same time, our vision remains unchanged. From the beginning, our goal has been to create a campus that includes both a new school and a new gymnasium to serve generations of St. Francis students.

As we look toward August 15, we continue working to secure the additional commitments needed to complete the full vision together. This milestone will help determine whether we can move forward with both projects simultaneously.

We are deeply grateful for the faith, generosity and enthusiasm that have brought us to this point. Please continue to keep this project in your prayers as we work together to build a strong future for Catholic education at St. Francis.
